Sub: Unbecoming Administrative Action towards Executives by GM, Berhampur SSA reg.

Sir

It is unfortunate that GM (Berhampur Telecom District) is arbitrarily dealing with executives and succumbing to unethical pressures from non-executives' unions. It is ironical to learn that SDEs are being transferred due to the demands of the casual labours working in BSNL and appointed by Labour Contractors. Hard working officers who toil to keep the organisation in the fore front despite difficulties are ill treated just for the labours working under them. This act destroys the serenity and sanctity of administration as well as demoralises the executives who are the pivots of the organisation.

This lawlessness and anarchy has reached heights in Berhampur where Mr S Panigrahy, SDE has been forcibly transferred in a move to pacify one of the labours working under him with the support of one of the BSNL recognised Non Executives' Unions.

We the representatives of United Forum of BSNL Executives' Associations of Odisha do draw your attention and request your personal intervention to restore normalcy and working atmosphere in Berhampur SSA to avoid further complications and harassment of the executives.

With Kind Regards
